Education

ABES Engineering College Ghaziabad, AKTU University	2024 – Present
Bachelor of Technology in Computer Science – 7.3 CGPA	Ghaziabad, UP
Government Girls Polytechnic Varanasi, BTEUP University	2021 – 2024
Diploma in Information Technology – 77%	Varanasi, UP

Technical Skills

- 1- **Languages:** C++(intermediate)
- 2- **Web Development:** Full Stack Development, HTML, CSS, JavaScript, Bootstrap, PHP, React JS
- 3- **Databases:** MySQL, MongoDB
- 4- **Tools & Platforms:** Git, GitHub

Internships

Samagra IT Solution	February 2024-May 2024
PHP Developer – Paathshala	

Personal Project

1. Purposeful Scroll

HTML, CSS, JavaScript, Bootstrap, PHP, MySQL, React Js

- i. Developed a web platform designed to promote social awareness by celebrating global days (e.g., World Yoga Day, World Plantation Day).

- ii. Encourages users to build healthy habits through real-world physical activities instead of wasting time scrolling on social media platforms.

2. Closet Collection

HTML, CSS, JavaScript, Bootstrap, MySQL

- i. Developed **Closet Collection**, an e-commerce web application that enables users to browse, search, and purchase clothing products through an intuitive interface.
- ii. Designed and implemented responsive user interfaces using **HTML, CSS, JavaScript, and Bootstrap** to enhance user experience across devices.
- iii. Built backend functionalities using **PHP** and integrated **MySQL** databases for efficient management of product and user data.
- iv. Implemented key e-commerce features including product listings, category-based filtering, shopping cart functionality, and user authentication.
- v. Performed CRUD operations for product management, allowing seamless addition, modification, and deletion of inventory records.

3. Her Healers

HTML, CSS, JavaScript, Bootstrap, PHP, MySQL

- i. Created a donation website for poor women's education, healthcare, and awareness, promoting social responsibility and raising \$10,000.
- ii. Built a donation platform supporting women's education, healthcare, and awareness initiatives.
- iii. Developed responsive interfaces and integrated PHP-MySQL backend for managing donations and user data.
- iv. Promoted social responsibility through awareness campaigns and community engagement features.

Certifications

- 1 Java Summer Training Program – Digicoders Technologies
- 2 PHP Training Certificate – Paathshala (Samagra IT Solution)
- 3 Bootcamp - Network Ninja's Firewall – DEVTOWN (MSME)
- 4 Bootcamp - NOSQL Ninjas – DEVTOWN (MSME)
- 5 Ardethon (Hackathon) – ABESEC (ARDEMA)

Achievements & Awards

- 1- Ardethon (Hackathon): Achieved 2nd prize in Ardethon with Her Healers, showcasing exceptional web development skills and expertise.
