- **Databases:** MySQL
- **Tools & Platforms:** Git, GitHub

Internships

Samagra IT Solution February 2024-May 2024

PHP Developer – Paathshala

Personal Project

1. Purposeful Scroll

HTML, CSS, JavaScript, Bootstrap, PHP, MySQL

- Developed a web platform designed to promote social awareness by celebrating global days (e.g., World Yoga Day, World Plantation Day).
- Encourages users to build healthy habits through real-world physical activities instead of wasting time scrolling on social media platforms.

2. Closet Collection

HTML, CSS, JavaScript, Bootstrap, MySQL

- Developed an e-commerce platform to help users create attractive closets by purchasing clothes online, increasing sales by 15%.

3. Her Healers

HTML, CSS, JavaScript, Bootstrap, PHP, MySQL

- Created a donation website for poor women's education, healthcare, and awareness, promoting social responsibility and raising \$10,000.

Certifications

- Java Summer Training Program – Digicoders Technologies
- PHP Training Certificate – Paathshala (Samagra IT Solution)
- Bootcamp - Network Ninja's Firewall – DEVTOWN (MSME)
- Bootcamp - NOSQL Ninjas – DEVTOWN (MSME)
- Ardethon (Hackathon) – ABESEC (ARDEMA)

Achievements & Awards

- Ardethon (Hackathon): Achieved 2nd prize in Ardethon with Her Healers, showcasing exceptional web development skills and expertise.
